U. S. DOMESTIC AIR PARCEL POST

In Domestic Air Parcel Post the U.S. Post Office offers the air shipper a fast, dependable economical means of expediting small packages anywhere within the United States or to its territories and possessions. Generally speaking parcels up to 2 lbs. are forwarded cheaper by Air Parcel Post due to minimum rates applicable to both Air Freight and Air Express.

Handling.—Parcels on which postage is prepaid at the rates shown are entitled to the most expeditious handling, transportation (by surface or air), and delivery practicable, but not special delivery. *For maximum speed the special delivery service should be utilized for all matter sent by air.* This is especially important if the mail is to reach the office of address on a week end or holiday.

Conditions.—The zone rates prescribed for parcels carried by air (including other transportation to and from air-mail routes) shall apply to mailable matter of any class, except that which may be damaged by low temperatures or high altitudes, weighing over 8 ounces but not more than 70 pounds nor exceeding 100 inches in length and girth combined, including written and other matter of the first class, whether sealed or unsealed.

Rates.—The rate of 7 cents an ounce or fraction of an ounce will apply to all domestic air mail weighing up to and including 8 ounces, regardless of distance or zone; the zone rates will apply to such mailing weighing over 8 ounces, fractions of a pound being charged as a full pound.

The zone rates for parcels carried by air are based on the eight postal zones applicable to fourth-class (parcel post mail) and are shown in the following table:

AIR PARCEL-POST ZONE RATES

Zone	First pound over 8 ounces	Additional pounds
	Cents	Cents
1, 2, and 3	60	48
4	65	50
5	70	56
6	75	64
7	75	72
8	80	80

Exception.—Parcels weighing less than 10 pounds but exceeding 84 inches in length and girth shall be subject to the 10-pound rate for the zone to which addressed.

Army post offices and Fleet post offices, (weight limit 2 pounds; size limit—30 inches in length and girth combined).—The rate of 80 cents for first pound (over 8 ounces to 1 pound) and 80 cents for each additional pound or fraction thereof shall be charged on parcels transported by air between United States or its Territories and possessions and overseas Army-Air Force and Navy post offices, also naval vessels addressed in care of Fleet post offices, at New York, N. Y., and San Francisco, Calif.

Marking.—All parcels sent via air parcel post should be prominently endorsed "AIR PARCEL POST" or "VIA AIR MAIL," not only on the address side but on each end and side. When available, printed labels bearing these words should be affixed to parcels. All parcels must bear the name and address of the sender.

Forwarding or Return.—Air parcel post matter which is undeliverable at the office of address shall be promptly forwarded by air if a new address is available unless the matter bears instructions of the sender to forward by surface mail. If a new address is not available, air parcels shall be promptly returned to the sender *by surface means* unless the piece bears specific instructions that it be returned by air. This action shall be taken whether or not the matter bears a pledge of the sender to pay forwarding or return postage.

In case the matter is forwarded by air, postage for forwarding shall be computed at the proper air parcel post zone rate. When air parcels are forwarded to addressee or returned to sender by surface means the "Air Parcel Post" endorsements shall be crossed off and the piece rated for collection of the proper rate of postage according to the class of matter involved.

Postmasters will exercise discretion in the treatment of air parcel post under this procedure when individual cases indicate the desirability of special consideration in its application. For example, where it is apparent that forwarding a parcel by air would not advance its delivery, the parcel may be forwarded by surface means. Every effort should be made to bring to the attention of air parcel post mailers the importance of placing specific instructions in conjunction with their return cards regarding the forwarding or return of such articles which cannot be delivered as addressed.

Domestic, registered, insured, and c.o.d.—Domestic registered, insured, and c.o.d. mail may be sent by air parcel

post upon payment of the prescribed fees, which are in addition to the air zone postage, and surcharges when required on registered mail. All domestic registered mail sent by air parcel post must be securely sealed and postage must be prepaid thereon at the zone rates.

First-class matter sent c.o.d. by air parcel post must also be sealed and be prepaid at the zone rates. Indemnity for insured mail sent at the air zone rates will be payable only for fourth-class matter. All domestic registered, insured, and c.o.d. mail prepaid at the air parcel post rates will be accepted with the understanding that the senders guarantee any return or forwarding postage which may be necessary.

AIR EXPRESS

Air Express is handled by the Air Express Division of Railway Express Agency, Inc., and is forwarded on the passenger and cargo planes of the certificated airlines of the U. S.

A feature of this service is the prompt pick-up directly from shippers and delivery to consignees—at no additional charge—in all cities and principal towns within the regular Railway Express Agency limits.

Air Express shipments are flown direct between more than 1,800 cities in metropolitan areas served by airports, and moved by coordinated air and rail express service between 22,000 other communities. The U. S. and Canadian City Directory, part 1, pages G3-16, lists alphabetically

every airport city served by Air Express and also indicates availability of transfer facilities to Rail Express and whether such facilities are available in the city, at the airport, or both. This information is especially useful for shippers making combination air/surface express shipments.

Air Express will be delivered on customer's demand, regardless of the time of day. Rates are also most suited to small shipments due to the minimum charges applicable to Air Freight. Generally the rate break between Air Express and Air Freight falls between 25 and 35 pounds.

The following table illustrates typical charges which might apply to Air Express shipments:

Lowest rate will be \$3.50.

AIR FREIGHT

Every flight of almost all the scheduled airlines carries Air Freight, and exclusive, specially equipped, all-cargo planes now operate between most major cities. Air Freight serves some 600 cities directly (see U. S. and Canadian City Directory, part 1, pages G3-16); pick-up and delivery provides service to more than 2,000 additional points in the U. S.; either direct or connecting truck service is available to points beyond; and through connections are made with flights to all overseas points. A single Airbill covers the entire movement.

Packing

Air Freight packing requirements usually are simpler than those of surface carriers. Generally speaking, while in flight, shipments are not subjected to the steady bumping and horizontal swaying or the jarring caused by sudden starting and stopping of surface carriers. Damage from load shifting in an airplane is the exception rather than the rule. Therefore, less crating or the use of lighter material will suffice in many instances.

However, it should be kept in mind that in loading and unloading, shipments are moved by lift forks, conveyors and frequently by hand; also where pickup and delivery service is utilized, shipments should be sufficiently packed

to withstand ordinary wear and tear consistent with normal handling.

Shippers should be aware of the dimensional problem of aircraft to the end that air freight is packed with the minimum of width, height and depth. For further information regarding size refer to the U. S. and Canadian City Directory and Aircraft Dimension Charts.

C.O.D. (Collect On Delivery)

It is the sole responsibility of the shipper to enter the amount of the C.O.D. on the Airbill (the C.O.D. amount is deemed to be the declared value of the shipment unless a higher or lower value is declared) and the carrier shall not be liable for failure to collect the C.O.D. amount when it is not so entered by the shipper. The shipper must also have the letters "C.O.D.", and the total amount to be collected on delivery, legibly and durably marked on each piece of C.O.D. shipments.

C.O.D. pieces will not be accepted on the same Airbill with pieces not moving C.O.D.; only pieces covered by one C.O.D. amount will be accepted on one Airbill. Credit will not be extended on the amount of C.O.D., no privilege of examination, no partial collection, no partial delivery will be made unless full amount has been collected.

For collecting and remitting the amount of the C.O.D. the following service charges will apply:

When the amount collected is:	Charge for collecting and remitting C.O.D. will be:
\$1,999.99 and less.....	\$0.50 per \$100.00 or fraction thereof. \$1.00 minimum charge.
\$2,000.00 thru \$4,999.99....	\$10.00 for first \$2,000.00 plus \$0.40 per \$100.00 or fraction thereof over \$2,000.00.
\$5,000.00 and over.....	\$22.00 for first \$5,000.00 plus \$0.30 per \$100.00 or fraction thereof in excess of \$5,000.00.

Limit of \$50,000.00 per shipment.

Valuation Charges

Any shipment shall be deemed to have a declared value of \$0.50 per pound (but not less than \$50.00) unless a higher value is declared on the Airbill at the time of receipt of the shipment from the shipper. An additional charge of \$0.10 shall be required for each \$100.00 (or fraction thereof) by which the value declared on the Airbill at the time of receipt of the shipment from the shipper, exceeds \$0.50 per pound or \$50.00 (whichever is higher). Weight used to determine valuation charges is the same as that used to figure transportation charges.

Charges for Dimensional Weight

Transportation charges of international airlines, including ground services, are assessed on either the actual weight or the cubic dimensional weight of a shipment, whichever is greater. The cubic measurement will be based on the greatest dimensions (Length X Width X Depth) of (1) the shipment, or (2) of each part in the event of mixed shipments containing differently rated parts.

Cubic dimensional weight will be derived from the cubic measurement of shipments or parts as provided above on the basis of one pound for each 250 cubic inches or fractions. An exception for U.S. domestic shipments is Cut Flowers or Nursery Stock which will be charged on the basis of 266 cubic inches per pound.

Where weights are measured in kilograms, 9,000 cubic centimeters (550 cubic inches) will equal one kilo, except for shipments moving only between points in Europe, 7,000 cubic centimeters will equal one kilo.

General Commodity Rates

See tariff section on pages 5-12.

Specific Commodity Rates

The scheduled air carriers have provided special low rates with reductions of as much as 40% for volume shippers of a wide range of products between most major traffic centers. This subject is so extensive and involved that we can only touch upon it in this guide. There are different commodity groups between each pair of cities, they vary according to carrier, and the shipper will also find a variance of rates as between carrier.

We suggest that you use the U. S. City Directory or your Official Airline Guide to determine what carrier or carriers provides the service and then contact the various carriers for information concerning Specific Commodity Rates. If you are a volume shipper of various commodities you can check rates yourself.

Among the most widely shipped Specific Commodities are such items as: Advertising matter, Apparel (wearing), Automotive parts, Cut flowers, Drugs, Electrical equipment and appliances, Foodstuffs, Machine parts, Printed matter, Textiles, etc.

Pick-up and Delivery

Pick-up and/or delivery service, during normal business hours, is available at every major city. With few exceptions, charges for this service average about 55c per 100 pounds with a minimum charge of \$1.30 per shipment. The U. S. City Directory, part 1, pages G3-16 indicates whether pick-up and delivery service is available, and the basic pick-up and delivery charges for each carrier in each city. It should be kept in mind that special rates apply to pick-up and delivery service on week-ends, holidays and for trips outside local limits.

Deferred Airfreight

Deferred Air Freight is now offered by AAXICO, American, Flying Tigers, Riddle, and TWA between major cities such as New York, Philadelphia, Washington, Chicago, Los Angeles, and Oakland/San Francisco. It combines the advantages of airfreight (lower packaging costs—lower refurbishing costs—almost complete freedom from loss and pilferage resulting in lower insurance rates—simple method of arranging shipments—lower handling costs) plus deliveries generally equal to or better than surface transportation and at a cost generally equal to or better than surface transportation. Delivery is made on third or fourth day depending upon length of haul.

Sample rates: New York—Los Angeles (100 lbs. min.) \$15.95, (2000 lbs.) \$14.20; eastbound \$13.50 and \$12.00. Chicago—Los Angeles (100 lbs. min.) \$11.35, (2000 lbs.) \$10.45; eastbound \$9.60 and \$8.85.

Tariffs

All rates and charges for U.S. carriers are in tariffs officially filed with the Civil Aeronautics Board. Most rates and charges are contained in tariffs filed for the U.S. airlines by B. H. Smith, Agent, Air Traffic Conference of America, 1000 Connecticut Ave., N.W., Washington 5, D. C., as follows: Air Freight Rules Tariff No. 1-A, Air Freight Rates Tariff No. 2; Air Freight Pick-up and Delivery Tariff No. 3-B; Air Freight Specific Commodity Tariff No. 5-B and Restricted Articles Tariff No. 6-B.

U.S.A. GENERAL COMMODITY RATES

DOCUMENTARY REQUIREMENTS

1. Documentary requirements shown in this section are based upon the latest available information at the time of publication. Since requirements are frequently changed without notice, shippers should be referred to the nearest Consulate of the country of destination, or the U. S. Department of Commerce, in the event of a question.

2. U. S. GOVERNMENT EXPORT REQUIREMENTS. Export shipments must be accompanied by the following documents (with exceptions noted):

A. U. S. Shipper's Export Declaration (See illustration).

B. Export Licenses. The U. S. shipper must secure and present a U. S. Export License issued by one of the following U. S. Government Departments for the commodities named:

- 1) State Department: arms, ammunition, implements of war including major airplane parts, helium, and tinplate.
- 2) Treasury Department: gold and narcotics.
- 3) Commerce Department: for commodities other than those listed above, except for exports destined to Canada. If consigned to the U. S. Armed Forces, or destined for official U. S. Government use, no license need accompany the shipment.

NOTE: Information concerning Export Licenses may be obtained by a U. S. shipper from one of the following: any Collector of Customs; a District Office of the Bureau of Foreign and Domestic Commerce; Office of International Trade, Department of Commerce, Empire State Building, 350 Fifth Avenue, New York, N. Y., or Requirements and Supply Branch, Office of International Trade, Department of Commerce, Washington 25, D. C.

C. Destination Control Statement. One of the following alternative endorsements (whichever is applicable) is required on all copies of export documents including the Air Waybill covering all shipments to foreign areas except shipments to Canada which require neither a validated or general license.

VALIDATED LICENSE

- 1) "These commodities licensed by the United States for ultimate destination (name of country). Diversion contrary to United States law prohibited." or
- 2) "These commodities licensed by the United States for ultimate destination..... and for distribution or resale in..... Diversion contrary to the United States law prohibited." Insert in first blank space country shown on license as country of ultimate destination and in the last blank space enter names of countries shown on license as approved destinations for distribution or resale and if none, state "none."

GENERAL LICENSE

- 1) Above or
- 2) above, except, insert in first blank space name of country to which shipment is being made and in last blank space enter "any destination except Soviet Bloc, Communist China, North Korea, Macao, Hongkong, or Communist controlled areas of Viet-Nam or Laos unless otherwise authorized by the United States." or
- 3) "United States law prohibits disposition of these commodities to the Soviet Bloc, Communist China, North Korea, Macao, Hongkong, or communist controlled areas of Viet-Nam or Laos, unless otherwise authorized by the United States."

3. DESTINATION COUNTRY IMPORT REQUIREMENTS.

If the required documents (as indicated on the following pages) do not accompany the shipment, the shipper must indicate which documents (and their numbers, if any) have been forwarded. If the shipper claims that

documents specified herein are not required, the shipment will be accepted if the shipper guarantees return charges.

A. Commercial Invoice.

Most countries have special regulations governing preparation of the Commercial Invoice, and shippers should be certain that the information on the Invoice meets those requirements. Generally, the goods must be described completely, and accurately; preferably in the same terms of the destination country's customs tariff. Sales prices should be shown separately from the transportation or other expenses. If a special form is required, a substitute should not be used without the specific approval of the Consul.

B. International Air Cargo Invoice.

The International Air Cargo Invoice is the form providing the destination country with specific information required by their customs regulations. It is accepted in all countries as a commercial invoice. Certain countries will also accept it in place of one or more of the following documents: Certificate of Origin, Consular Invoice and Consular Visa. The form is available at some commercial printers however the shipper may prepare his own forms if all specified information is included and the form dimensions do not exceed 8½ by 14 inches (see illustration.) The number of copies required is shown in the Documentary Requirement section as is additional information concerning modifications of the form required by some countries.

C. Import License or Permit.

Although the responsibility for obtaining an Import License/Permit rests with the consignee, certain destination countries require that the License/Permit (or a copy) accompany the shipment on its arrival at the first port of entry of the destination country. Some require that the License/Permit number be shown on the Air Waybill or other documents accompanying the shipment.

If not accompanied by a License/Permit when required, or if the shipper does not know whether the consignee holds a License/Permit, the shipment will be accepted for transportation if the shipper will sign a statement on the Air Waybill guaranteeing charges for returning the shipment to the point of origin.

D. Consular Invoice.

Obtained from the nearest Consular office of the destination country. The requirement is generally dependent upon value of shipment.

E. Certificate of Origin.

For shipments to countries which, by treaty, have special duty assessments or imports from the U. S.

F. Other Requirements.

Frequently, destination countries have special requirements which must be observed for the successful entry of specific items. In general, shipments consisting of the following articles are subject to special requirements. When such articles are tendered, either (1) contact the local office of the U. S. Department of Commerce, of the Consulate of the country of destination, or (2) local carrier.

- 1) Animals including birds, pets, domestic animals and fowl usually require a licensed veterinarian's Certificate of Good Health and a confirmation of Rabies vaccination.
- 2) Firearms including sporting arms; and dangerous articles or weapons such as daggers, brass knuckles, etc., are subject to import restrictions and special permit.
- 3) Plants and Plant Products such as Live Plants, Seeds and Bulbs usually require a health or sanitary certificate issued by country of origin.
- 4) Narcotics and Pharmaceuticals Drugs may be subject to import control and permit by country of destination.
- 5) Alcoholic Beverages and Liquids are under import control of many countries of destination.
- 6) Foods usually require a certificate of Sanitation.

a. Consular Invoice, 5 copies, visaed, is also required with all shipments not exempted above (under Argentina). To obtain visa, Consular Invoice* must show Import Permit or Circular item number information required on Commercial Invoice.

*Or: "International Air Cargo Invoice", in areas where this form is available and is required by applicable Consul (who is to visa same). Instead of Consular Invoice.

Air Waybills and U.S. Export Declarations must show passenger's departure port, date and carrier. Baggage not shown on passenger's Argentine Baggage Declaration is subject to confiscation on arrival in Argentina.

2. The International Air Cargo Invoice (see illustration), unless consigned to Foreign Gov't offices, must state:

"Declaro bajo juramento de que toda la informacion puesta en esta factura es verdadera y exacta y que los precios son aquellos que han sido pagados o por pagarse. Igualmente declaro que no se ha hecho arreglo alguno que permite la modificacion de estos precios."

3. Although required at destination, the special Australian Certified Invoice (Customs Invoice, certified) need not accompany the shipment.

Packing List—must accompany shipment.

4. Consular Invoice, visaed by Portuguese Consul, for shipments valued over \$24.75. If value is less than \$24.75, only the Commercial Invoice is required. If no Portuguese Consul at origin, Commercial Invoice must be certified by local Chamber of Commerce or other civic body, and contain statement: "I hereby certify that the above-described articles are the growth, produce, or manufacture of (country of origin) and that this invoice is true and correct in all particulars."

All goods arriving in Portugal are subject to an "Airport Tax" according to the following scale:

Goods with a freight rate of up to ESP	25.—per kilos ESP	1.00
from ESP 25.—	" " " 50.—	" " " 1.50
" " " 50.—	" " " 100.—	" " " 2.50
" " " 100.—	" " " 200.—	" " " 4.00
" " " 200.—	" " " 300.—	" " " 4.50
Goods with a freight rate exceeding	300.—	" " " 6.00

This tax is paid by the consignee. A further 2% import tax on all charges payable in Portugal, is levied. Theoretically, goods can be reforwarded in bond to all places in Portugal having Customs houses. As a Customs Officer must very often accompany the goods and tremendous charges are always incurred, practically all goods are cleared in Lisbon and forwarded to the consignee with all charges arising in Portugal to be collected from him. Customs clearance must be effected within sixty (60) days from the day of arrival. After this time the goods may be sold by the Customs Authorities.

5. Must include complete, accurate, detailed description of each package, its weight, contents, and itemized C.I.F. value. Must contain following statement signed by shipper: "PROTESTAMOS QUE LOS PORMENORES DE CANTIDAD, PESOS, CALIDADES, Y VALORES DE LAS MERCADERIAS EN ESTA FACTURA SON VERDADEROS Y CORRECTOS." Must be visaed.

6. Certification as to origin may be inserted in the Commercial Invoice by a declaration by the shipper, certified by a recognized Chamber of Commerce.

a. Consular Invoice, visaed, is generally also required for shipments (by any means of transportation) valued over \$23.50, originating at points having a Bolivian Consul. Itemized C.I.F. value must be shown.

NOTE: Commercial and Consular Invoices submitted for visa, must be accompanied by Import Permit in duplicate submitted by the consignee. Consul will retain duplicate (photostatic copy not acceptable).

However, considering urgent nature of air shipments, Bolivia Customs permits Air Cargo entry without Consular Invoice, provided: Commercial Invoice is (1) certified by Chamber of Commerce and visaed by Consul; or (2) certified by local Chamber of Commerce that value declared on Invoice is true and correct, and that there is no Consul at point of origin. In this case (2), Consignee will be subject to \$50.00 fee. Samples and Advertising or Promotional Matter: Consular Invoice and Consular visa on Commercial Invoices are not required (1) with such shipments of "No Commercial Value" (must appear on Invoices), or (2) with Samples to registered business consignees and having commercial value of \$25.00 U.S. cy. F.O.B., OR LESS (which shipments will be subject to duties and taxes).

Bolivian Rules on Value: Shippers are cautioned not to under-value their goods on Bolivian consular invoices. The new tariff contains severe penalties for undervaluation, making it possible for the customs to confiscate the goods.

7. Two copies are required for the Islands of Antigua, Barbados, Grenada, St. Kitts, St. Lucia, and Tobago. See separate listings for Bahamas, Bermuda, and Jamaica.

a. Unless shipment, regardless of contents, is also accompanied by consignee's Import License or the number of same as shown on the Invoice, the latter must contain Shipper's signed statement guaranteeing to pay return charges in event shipment is denied at Antigua.

8. Combined with Consular Invoice; must be certified by local Chamber of Commerce.

9. Import License not required for shipments consigned to foreign government offices and unaccompanied baggage.

10. Except for shipments to government offices, Air Waybills must be visaed by carrier at gateway. Fees range from \$1 to \$3, based on Declared Value for Customs.

11. Must contain: (a) Total number and kind of packages, (b) "serial number" of each package, with quantity and description of contents as in Brazil Customs Tariff, unit net weight in kilos, unit price* of each item, (c) total net weight, legal weight, and gross weight in kilos, and total value*, (d) country of origin of all merchandise in the shipment, (e) Import License (or "Pedido de Cambio") number and issue date, (f) signature of shipper.

* If charges collect, Values and Sales prices must be followed by: Import License No. _____, F.O.B. (point of origin)

Air Waybill: Four (4) copies are required for Consular visa* and Customs purposes, and for this "Copy 5—Customs Declaration" and two additional WHITE copies, must be used. (Red "Original 2—for Consignee" must never be used for visa purposes as it is required by consignee to effect clearance, and must accompany shipment to destination for this purpose only).

*Exception: Visa not required for Diplomatic Pouches.

OTHER REQUIREMENTS, EXCEPTIONS AND REMARKS

NOTE: Brazil regulations make imperative the careful and complete preparation of Air Waybills to contain all information. Failure to comply will cause Consul to refuse Air Waybill visa, or subject shipment, consignee or carrier to serious fine. Shipment must not be forwarded from origin under carriers' or other through Air Waybill unless or until:

(a) shipper or his agent has included all of listed information on Invoices; and (b) all has been carefully entered on Air Waybill. Country of Origin must be WRITTEN OUT IN FULL, or clearance will be subject to indefinite delay.

Carriers' Manifests: Separate cargo manifests must be prepared for each Brazil Customs Destination. With standard ICAO Manifests, consignee's name must be entered in "owner/operator" column. One copy of visaed Air Waybill, and also 4 additional consular stamped copies of this Manifest must be presented to Customs on arrival at first Brazil port. Consuls usually require 2 extra copies of the Manifest for their use and disposition along with the 2 additional white copies of Air Waybill retained by them.

Visas: Originating Carriers (except for shipments originating in continental U.S.) must submit above described documents to Consul at point of origin of air carriage and obtain required visas and stamping to specified copies, which are to be forwarded to Brazil by same aircraft carrying the covered shipments. When there is no Consul or other Brazilian visa authority located at point of origin, above extra Manifests and Air Waybills must be marked "No Consular Service Available" and forwarded along with the shipment.

Exception: Consular Visa is NOT REQUIRED on Air Waybills which covers DIPLOMATIC POUCHES only, nor on separate covering Manifests.

Labels: Each package of every Brazil shipment must bear "Identification and Lot Label" (9253-3105), which will be prepared and affixed by certain designated carriers' stations.

12. **Canadian Customs Invoice** (prepare 3): Original and one exact copy to be airmailed by shipper direct to consignee; one copy to accompany shipment. (For USA shippers there are two forms of Invoice: 1. Form M-A for goods sold prior to shipment; 2. Form N-A, notarized, for goods shipped without prior sale).

EXCEPTION: Imports of merchandise for sale valued at less than \$25.00 may be admitted without being invoiced on official Canadian Government Forms, provided the shipper's own commercial invoice is presented to customs by the consignee. Non-commercial shipments may be admitted without official invoices if valued at less than \$50.00, or at less than \$100.00 if entered at ports where examiners can determine accurately the value of the goods.

13. Must contain following signed statement in English or Spanish: "Under oath we declare we are owners (or shippers) of above merchandise, that prices and other details are exact, that said merchandise is product of soil or industry of (origin country), and we accept consequence which might arise through any inexactitude contained herein." Invoices and Airway bills for shipments valued at \$15.01 to \$100.00 must also state: "Consignee holds covering Import License No.", or, except when charges collect, "Shipper declares contents exempt from Import License requirement." If shipment is over \$100.00 value, Invoices must be visaed; or, if no Consul at point of origin, accompanied by a Chilean Certificate of Authority to Import, blue copy, in lieu of visa. (For Partial Shipment a photostat of same required).

a. **ARICA SHIPMENTS—VISA TO AIR WAYBILL:** For all shipments, regardless of contents, consigned to ARICA (only) and originating at a point where Consul of Chile is available; air carrier's office or agent receiving shipment must (1) hold same, and (2) give or return to Shipper or his authorized agent or representative the Consignee's Copy plus an Extra Copy of completed Air Waybill, along with other documents which accompany shipment. (3) Shipper or authorized representative must then secure Consular Visa to "Consignee's Copy" and return it with other documents (Consul will keep "Extra Copy" so that shipment can then go forward.)

14. Due to the complexity of Colombian documentary requirements, consignees should be directed to the nearest Consulate for the specific Licenses, Consular Invoices, visas, and Certificates required for the goods being shipped.

15. After the Air Waybill is completed: (1) Enter in the "Nature and Quantity of Goods" section: "SHIPPER AIRMAILING OTHER DOCUMENTS TO CONSIGNEE." (2) Remove Air Waybill copies "No. 3—Original—For The Shipper," "No. 2—Original—For The Consignee," and "No. 6—For the Third Carrier." (3) Give or send these copies to the shipper, with the following instructions: "If any part of this shipment is subject to Consular Invoice, the three Air Waybills attached must be submitted to the Colombian Consul who will visa them. When returned to you by the Consul, all three copies plus any other documents not sent with the shipment, must be air mailed direct to the consignee. b. **Consular Invoice**, 5 copies, visaed, and **Import License**, unless exempted in Exceptions are also required for ANY shipment

Consular Invoice when submitted to Consul for visa must be accompanied by Import License; and also by the Consignee's Copy of the Air Waybill and an Extra Copy of same which are to be visaed at the same time as the Consular Invoice. On their return, Shipper must at once airmail all to his consignee.

(When there is no Colombia Consul at point of origin, in exceptional cases visas may be obtained from Consul of a friendly nation if one is available at that point).

Consular Invoice must include statement: "Certificamos bajo juramento que los precios en esta factura son F.O.B. en el puerto de embarque."

Note: Changes or corrections to these invoices must be made by same typewriter or in handwriting first used in their preparation. **Air Waybill Extra Copies:** In Addition to "Copy 5 (Customs Declaration)", two white copies of Air Waybill must accompany shipment to San Jose, required for Customs use, only.

21. GHANA authority has established a new form of Customs invoice entitled: "Combined Certificate of Value and Invoice of Goods for Importation into Ghana" required for entry purposes of all goods dutiable "ad valorem." This form should be used instead of "Invoice & Declaration of Value" (British West Africa form).

22. **Commercial Invoice** must contain the following statement (in Spanish): "Declaro y juro que son ciertos los precios y demas particulares consignados en la presente factura y que me sujeto a las leyes de Guatemala y a las de este pais por cualquier ilegalidad o inexactitud en ella contenida." With shipments from other points Commercial Invoices must be certified by Consul or friendly government or by Notary Public, requiring payment of Consular fee equivalent by the consignee on arrival of shipment. *Such shipments are acceptable without Consular Invoice provided Air Waybill indicates this Invoice is being sent direct to Consignee by Airmail. Shipment will then be (1) held at Port au Prince Customs pending presentation by consignee, or (2) released to consignee against his guarantee deposit.
25. Special (Israeli) Form of Commercial Invoice, in duplicate, signed by shipper.
26. Commercial Invoice must bear signature (in ink) of shipper or his agent.

28. Commercial Invoice in triplicate, prepared in Spanish and signed by Shipper, is required with all shipments regardless of value. With shipments valued at \$100.00 U.S. cy. F.O.B. or more, this invoice must be visaed by Consul (see NOTE below) to whom must be presented 9 copies, and also Consular copy of consignee's Import Registered Order. When the value is less than \$100.00 or contents consist of exceptions below, the consignee must have secured an Import Permit before date of shipment or subject himself and/or the shipment to fine of 50% of the value. For consignments valued in excess of US\$ 50.00 and not consisting of goods of personal nature or for personal use, (to be indicated clearly in the Commercial Invoice) a Consular Invoice visaed at a Consulate of Panama is required. If no Consulate is located at place of departure, the goods may be forwarded without Consular Invoice, but in this case the necessary invoices must be notarized and countersigned by two (2) reliable local business firms. For most articles an Import License is required.

Sample shipments, to avoid Licensing requirements, must be in "reasonable" quantities if of commercial value, and the Invoice must contain the following statement, signed by the shipper: "It is hereby certified that the goods enumerated in this Invoice are supplied as samples free of charge to the consignee, and that no payment in any form has been or will be made for such goods at any time; moreover, the value of these goods has not been, or will not be, debited to a 'commission account' or any other account in our books, which is operated in the consignee's name or to his advantage."
38. General: Airport of destination in the Air Waybill shall be the Airport nearest to the consignee's domicile. All shipments must be strongly packed and each package must be sealed. The packages must be legibly and durably marked with names and addresses of both the shipper and the consignee. The marking should be made in Latin and preferably also in Russian characters. The weight of the shipment must be exactly stated in the Air Waybill as the weight of each shipment will be controlled on the transfer to AEROFLOT. As splitting of shipments is a complicated procedure and may cause delays it is recommended to send large shipments in several small shipments.  (3) The Consular Invoice is not required for:
 (a) Shipments to the U.S. Legation or Embassy.
 (b) Baggage consisting of personal effects. (Do not accept Unaccompanied Baggage as Air Freight unless the shipper declares both the Value for Customs and the Value for Carriage as "No Commercial Value.") Insurance protection, if any, required by passenger (or shipper), must be secured by him from outside source (not under the Air Waybill). Failure to adhere to this requirement will subject the shipment to Exchange Control restrictions and possible Customs duties.
 (c) Shipments consigned to the Armed or Police Forces of Uruguay.
 (d) Public documents, bills, stamps, and official papers (when acceptable as Air Cargo).
41. Shipments not requiring or covered by a Consular Invoice, valued less than \$52.00 and regardless of contents, must have a Certificate of Origin legalized by a Uruguayan Consul either at origin or at another point.

Exception: Live animals, etc. All goods moving under one Air Waybill must be included on one Planilla Aerea. Must be prepared by shipper on his letterhead paper, or like size blank paper, and prepared by use of carbon paper. Corrections or additions may not be made unless an explanation of each change is given at the bottom of the form and signed by the shipper on all copies. (For sample of Planilla Aerea, See illustration.) Certificate of origin, required for: Alcohol, lard, margarine, meats, milk and milk products, vegetables from all countries, mineral waters, combs, and substances for hair dying from France. Import License, which must be obtained prior to arrival, required for certain goods. Packing Regulation: Shippers should be cautioned to include items of only one Venezuelan duty classification in any one package. Violation of this rule may subject the consignee to serious fine.

If a choice of routing exists the particular routing requested is indicated after the word "via". Official carrier abbreviations are allowed.
21. If more than one carrier is effecting transportation of the shipment but one value charge applies from origin to destination one line is used to indicate the through value charge. If no through value charge exists separate lines indicate the carriers participating in each value charge.

23. Pick-up charges assessed by carriers for contracted cartage agents are indicated. Other cartage charges are shown in Section 24.

VALUATION CHARGES

INTERNATIONAL
(IATA MEMBERS)

A valuation charge system is in force with respect to international carriage of all types of air cargo by IATA carriers. The charge is a transportation charge and not an insurance premium. The shipper must make a declaration of value for carriage on each shipment. As a general rule shippers declare the value for carriage the customs or actual value plus all shipping charges, however the declared value for carriage may be any amount. The term "No Declared Value" (N.V.D.) also constitutes a proper declaration.* The declared value for carriage or "N.V.D." must appear in the appropriate space on the Air Waybill and under no circumstances can this space be left blank. Shipments valued for carriage at more than \$7.48 per pound will be assessed a charge at the applicable rate per \$100.00 of such declared value. (Some international shipments within certain zones will not be assessed valuation charges.)

To determine if valuation charge will be assessed locate the weight of the shipment on the chart below and if the declared value of the shipment is more than the value listed for that weight, charges will be assessed.

*TACA International: The shipper must declare the actual value as the value for carriage and in no case shall this amount be less than the value declared for customs.

When the shipper's declared value for carriage is \$16.50 per kilo (\$7.48 per pound) or less no valuation charges will be assessed and transportation charges will be determined solely on the weight or volume of the shipment.

When the shipper's declared value for carriage exceeds \$16.50 per kilo (\$7.48 per pound) charges for transportation will be determined on a weight or volume basis PLUS the valuation charge based on the shippers' declared value for carriage according to the table below.

When the general cargo under 100 lb. (45 kilo) rate is:			The valuation charge	
In U.S. \$ per lb	In U.S. \$ per kg	In U.K. £ per kg	per \$100.00 (or part thereof) will be: in U.S. \$	Via SAS will be the following percentage of the shipper's declared value for carriage:

*Minimum valuation charge—.28 (U.S. \$) per shipment.

(The chart above does not include assessments for valuable cargo nor exceptions for some carriers for livestock and perishables nor interline joint valuation rates.)

If transportation is performed by IATA members valuation will be assessed based on the table above. If transportation is performed jointly by IATA and non-IATA members the valuation charge for the non-IATA member will be based on their published fares and the IATA and non-IATA charges will be shown separately on the Air Waybill.

INSURANCE

INTERNATIONAL AIR CARGO

For the convenience of international shippers desiring the facility most carriers make available all-risk insurance under Air Waybills issued by them. A carrier can insure air cargo from origin to final destination whether or not the shipment is transported wholly by that carrier so long as that carrier's Air Waybill is issued. Whenever one carrier's Air Waybill is issued to cover transportation via another carrier the insurance issued will be the insurance offered by the carrier whose Air Waybill was issued. Shippers may obtain this insurance upon specific request and only at the time of shipment. The request for insurance must be indicated in the appropriate space on the Air Waybill or in the Shipper's Letter of Instructions. The Air Waybill or the Shipper's Letter of Instructions must be signed by the shipper or his authorized agent.

The shippers declared value for insurance is not required to be related in any way to the shippers declared value for carriage. The amount of the insurance applicable is the amount set forth on the face of the Air Waybill as the value specified for insurance.

Because the basis for assessing premiums and rates vary with carriers a complete table of premiums cannot be

given here, however, in general the following is indicative of some of the features of the insurance available to shippers:

Premiums vary from \$.05 to .35 per \$100 based either on a country to country or a mileage or zone basis for general or valuable cargo.

Valuable cargo includes gold and silver bullion, coin and dust, uncoined gold and silver, platinum or other precious metals, precious stones, industrial diamonds, currency of any nation, stocks, bonds, or any form of negotiable paper.

The insurance does not usually cover shipments of live animals and perishables or if covered, only against risk of death or loss or damage by fire, theft, lightning or crash or collision.*

The insurance premium is not a charge levied by the carrier and in collecting the premium for payment to the insurance company, the carrier acts as an agent for the shipper.

The insurance premiums when compared with other forms of transportation insurance are extremely low and warrant the attention of all shippers to the availability of the insurance.

*SABENA: Live mammals (excluding monkeys, apes, and live fish) can be insured covering all risks of death, mortality, damage or injury from any cause whatsoever. Live-stock other than mammals (including monkeys, apes and live fish)—coverage limited to 75% of the insured value.

RATE BASING FACTORS

The following table contains rate basing factors in both cents per kilo, and cents per pound for construction of through rates from the U. S. and Canadian cities listed below to cities in Europe, Africa, Asia and Australasia via New York. To obtain the through rate add the rate basing factor for the chargeable weight to the rate from New York shown in the World Wide General Commodity Rate section. (When the resultant figure is a fraction of a cent increase the fraction to the next highest whole cent.)

AIR FREIGHT FORWARDERS, AGENTS AND CUSTOMS BROKERS

Forwarder

The Air Freight Forwarder in the U. S. A. is authorized by the Civil Aeronautics Board to engage indirectly in air transportation of property only. Some forwarders' exemption authority extends only insofar as U. S. domestic traffic is concerned, while others may engage in both domestic and international traffic.

The forwarder is allowed to publish rates and tariffs and issue through airwaybills covering transportation between a large number of cities. He assembles and consolidates shipments and performs break-bulk and distribution operations with respect to these shipments. He assumes full responsibility for the transportation of such shipments from the point of receipt to the point of destination.

The forwarder provides valuable personalized services which many shippers find extremely helpful.

Agents

The Air Freight Agent performs valuable services as agent for both shipper and carrier, making necessary arrangements for shipping door-to-door including the preparation of required

export and import documents. The Agent does not publish tariffs but will quote the carrier's rates. Once the shipment is accepted responsibility and liability rests with the air carrier. To act as agent for an IATA carrier the Agent must first have been approved by the International Air Transport Association.

Custom House Broker

The Custom House Broker performs authorized services in connection with the importation and exportation of shipments. In regard to exports he will prepare the necessary documents, clear the shipment through customs and deliver commodities to the exporting air carrier.

On import shipments the Customs Broker acts as agent for the consignee in expediting shipments through customs. He will assume responsibility for warehousing if required and will prepare proper manifests for routing shipments to their final destination.

Many Air Freight Forwarders and Agents are also licensed Custom House Brokers and can therefore perform all duties in connection with preparation of proper documents and customs clearance.
